#### 1. Narrative description of the Prop 28 arts education program(s) funded. (2500 character limit).

In 2025–26, Proposition 28 funding continues to strengthen Yu Ming Charter School's arts education program by expanding access to high-quality instrumental music instruction for students in grades 5–8. Funds support additional instructors, increased teaching capacity, and more consistent instructional time, allowing students to learn in smaller groups and receive targeted support across a range of skill levels. Students participate in strings, brass, woodwinds, and percussion instruction through both in-school music classes and enrichment blocks, ensuring broad and equitable access to music education. The program develops students' technical skills, music literacy, ensemble performance, creativity, discipline, and collaboration. Prop 28 funding also supports grade-level ensembles, sectional rehearsals, and performance preparation, helping students build confidence and participate more fully in concerts and school community events. Through exposure to culturally diverse repertoire and varied musical traditions, students deepen their appreciation for the arts while developing a broader understanding of culture and identity. This continued investment allows Yu Ming to provide a more robust, inclusive, and sustainable music program across our school sites, ensuring that students have meaningful opportunities to experience the academic, social, and creative benefits of learning and performing music.
